VOL. XXIV, NO. 102 GAINESVILLE, FLORIDA, FRIDAY, JUNE 7, 1907 TEN CENTS A WEEK

WILL BE GREAT DAY AT THE EXPOSITION

Coming Georgia Day Exercises at Jamestown.

TO BE OBSERVED ON JUNE 10TH

Naval Display an Especially Attractive Feature—President Roosevelt Will Review the Combined Foreign and United States Fleets.

New York, June 6.—Rear Admiral Evans, with the Connecticut flagship, the Ohio, the Iowa and the Indiana, steamed Wednesday from the North river for the rendezvous of the Chesapeake capes, where he will collect fourteen battleships and cruisers and anchor them at Hampton Roads next Friday.

Georgia day at the Jamestown exposition, which will be observed on June 10th, will, so far as the naval display is concerned, probably be the greatest day of the exposition.

The president will review the combined foreign and United States fleet. All ships will be fully dressed with a rainbow of bunting and at night all will be illuminated.

ALLEGED COURT INTRIGUES.

Claimed that German Emperor Has Had No Part in Theme.

Berlin, June 6.—A semi-official statement has been issued regarding the court intrigues supposed to have been carried on by Prince Philip Su Eulenberg, for a long time a favorite with the kaiser and Count Von Moltke. The statement, in effect, disclaims any connection on the part of the kaiser with the alleged intrigues. The statement says:

"Our kaiser, as is well known, has a large circle of confidants whom he consults as well as his ministers, but it would be a great mistake to suppose that he is influenced by them as if by a camarilla. None knowing the personality of the kaiser would think he could be influenced."

The alleged intrigues, which have led to the resignations of the men whose names are involved had for their purpose, it is said, the displacement of Prince Von Buelow and the promotion of Von Moltke to the chancellorship.

Illegally Summoned, Kirwin Claims.

Denver, Colo., June 6.—Although he maintains that he was illegally summoned, James Kirwin, alleged secretary of the Western Federation of Miners, left Tuesday night for Boise, Idaho, to appear in the Haywood trial as a witness for the prosecution. Mr. Kirwin was served with a subpoena while on his way home from Boise a short time ago, a constable awaiting him in a sleeping car, after the train had crossed the Utah state line. This fact invalidated the process, Kirwin claims.

Lamb Chops High in Gotham.

New York, June 6.—Retail butchers about town are complaining of the great scarcity of lamb and mutton, and declare that if the prices keep rising, they will not handle any lamb whatever. Within the last three weeks the wholesale price of lamb went from 13 to 16 cents per pound. The price of poultry also advanced, while the market price of choice beef was a cent higher than had been the case a week ago. In some sections of New York Tuesday lamb chops were 28 and 30 cents a pound at retail.

Bryan Visits Albany.

New York, June 6.—William J. Bryan, who has been in the south for several days went to Albany on Wednesday, where he visited the senate and assembly and where a reception was given him by the newly formed Democratic League.

Grain Elevator Was Burned.

Dallas, Tex., June 6.—The grain elevator owned by the Cameron Milling company, was destroyed by fire at Gainesville, Tex., early Tuesday morning. The loss is estimated at over $100,000; insurance, $78,000.

LOTTERY MEN FINED $248,000

And All Honduras Lottery Material Has Been Surrendered.

Mobile, Ala., June 6.—In the district court for the southern district of Alabama pleas of guilty were on Tuesday entered to an indictment charging conspiracy to cause the interstate carriage of lottery advertisements by a long list of persons.

Judge Toulmin imposed fines amounting to $248,000. In addition to the pleas of guilty the defendants agreed to surrender to the government for destruction all lottery books, plates and other paraphernalia and in addition, to immediately dispose of the printing establishment belonging to the Honduras National Lottery company, located at Sixth and Orange streets, at Wilmington, Del., and operated under the name of Jno. M. Rogers, where the lottery tickets have been printed for many years. With the pleas of guilty and the surrender of all lottery material the Honduras National Lottery company, which is the successor to the old Louisiana State Lottery company, passes out of existence, thus ending the long struggle of the federal authorities with this lottery company, the largest and most important doing business in the United States.

STRIKE DECLARED OFF.

Action Taken Following Mass Meeting at Birmingham, Ala.

Birmingham, Ala., June 6.—Following a mass meeting of the trade unions of the Birmingham district, President J. E. Jacobs, of the trades council, Tuesday afternoon, issued an order declaring off the general strike in sympathy with the locked out street employes called by an order promulgated Saturday.

A secret meeting of the newly organized street car men's union was held and at its conclusion Organizer Commons, who has been conducting the street railway lockout, said:

"We are sorry there was not a general sympathetic response by organized labor, but we do not feel discouraged. I think we have made it very expensive for the Street Railway company during the past two weeks for the unfair way in which they treated their employees. I will remain in Birmingham two weeks longer, and then will depart."

Newspaper Damaged by Fire.

Knoxville, Tenn., June 6.—The Knoxville Sentinel building was the scene of a very severe fire Tuesday night. The damage cannot now be estimated, but all the lynotype machines are seriously injured, and the large three-deck press, recently installed, is damaged by water and smoke. The stereotyping equipment, paper, storage engines, motor and all other machinery is damaged. The fire is thought to have originated in or near the file rooms on the main floor. The publication of the paper will continue uninterrupted from the office of the Journal and Tribune until the plant and building can be rehabilitated.

Rev. Young J. Allen Dead.

Atlanta, June 6.—A cablegram received in Atlanta Tuesday from China announced the death of Rev. Young J. Allen, one of the world's most noted missionaries. For more than 40 years he led the missionary endeavor of the Orient and pushed forward with more determination and success than any man who ever lived to labor in missionary endeavors. He was a native Georgian, and was born in Burke county. At the time of his death he was about 72 years of age. He is survived by a large family—a wife and six children.

May Handle in 75-Bale Lots.

New Orleans, June 6.—A movement to have cotton handled in multiples of 75, instead of 50-bale lots, has been inaugurated here by the Rock Island railroad. T. F. Steele, general freight agent of the New Orleans and Northeastern railroad, has announced that he had received a request from the Rock Island to take this proposition up with local cotton factors. It is declared the railroads can now load 75 bales of cotton to the car, and that 75 should be made the unit for the sake of economy in handling.

CITY OF 'FRISCO ONCE MORE FEELS 'QUAKE

Earth Trembled For a Period of Ten Seconds.

OCCURRED ABOUT MIDNIGHT

During the Early Morning on Wednesday, San Francisco Once Again Reeled in the Grasp of a Seismic Shock.

San Francisco, June 6.—An earthquake shock lasting about ten seconds was felt here at 12:37 Wednesday morning.

The oscillations were from north to south.

No serious damage has as yet been reported.

TRUSTEES' APPEAL DENIED.

Suit For an Accounting of Mrs. Mary B. Eddy's Property.

Concord, N. H., June 6.—The appeal of the three trustees of Mary G. B. Eddy, who had transferred her property, asking that they be substituted as plaintiffs in place of "next friends" in the suit to secure an accounting of Mrs. Eddy's property, was denied Wednesday by Judge Robert N. Chamberlain of the Merrimac superior court. The trustees are Henry M. Baker, of Bow; Josiah E. Fernald, of Concord, and Archibald McClean of Boston.

"The next friends" are George W. Glover, of Lead, S. D., son of Mrs. Eddy; Mary Baker Glover, his daughter, and Dr. J. Foster Eddy, of Waterbury, Vt., an adopted son, and George Baker, of Bangor, Me., a cousin.

The suit is for the accounting of Mrs. Eddy's property which, it is alleged, is under control of Calvin A. Frye, Mrs. Eddy's secretary, and other Christian Science leaders, who are named as defendants. The question of Mrs. Eddy's physical and mental condition figure in the action.

HAYWOOD TRIAL.

Harry Orchard, Self-Confessed Murderer, Called as Witness.

Boise, Idaho, June 6.—Harry Orchard, the self-confessed murderer of former Governor Steunenberg, was called to the stand as a witness Wednesday morning.

Mr. Hawley took Orchard through a close examination taking up the Coeur d'Alene mining troubles in the year 1895. The defense objected to the introduction of evidence bearing on the Couer d'Alene trouble as having no bearing on the case against Haywood.

Judge Wood admitted the testimony and said:

"The court could easily see it might be important."

Orchard proceeded in narrative form to tell the story of the blowing up of the concentrator at Wardner in April, 1899. Two men were killed.

Haywood kept his eyes steadily fixed on Orchard, who kept his face to the front. Haywood evidently tried to get Orchard's eye but except for an occasional glance, Orchard did not look toward Haywood.

Bankers of State Open Convention.

Bacon, Ga., June 6.—The annual convention of the Georgia Bankers' association was opened in Macon on Wednesday morning with a good attendance of bankers of the state. After the call to order by President John H. Reynolds and an invocation, Mayor Bridges Smith, of Macon, made the address of welcome. He was followed by F. D. Bloodworth, cashier of the National bank of Savannah. Mr. Bloodworth made a neat and interesting speech and paid the Macon bankers a high compliment for the splendid arrangements that had been made for the guests.

Missionaries Are Safe.

Shanghai, China, June 6—The viceroy of Canton has reported to the government at Pekin that the disorders at Lieun Chow and Pakhoi have been suppressed and that all the missionaries are safe.

FIREMAN IS KILLED.

Wreck Occurred on A. B. & A. Near Double Run.

Fitzgerald, Ga., June 6.—Westbound train No. 1, on the Atlanta, Birmingham and Atlantic railroad, which left Fitzgerald Tuesday, flew the track when about a mile out of Double Run.

The engine left the track and turned turtle, the tender and all the cars following and turning on their sides into the ditch. The fireman, Bill Hill, was pinned down in the cab and his head was crushed, being killed instantly. Engineer Tisles, of this place, was scalded and bruised to some extent, but was able to walk home. Conductor Goldwire had one ankle bruised and chest injured, but his injuries are not considered serious. Baggagemaster Williams had one ankle injured and some of the passengers were slightly bruised.

Drowned in a Washpot.

Columbus, Ga., June 6.—Henry Elliott Long, 18 months old, son of Mrs. Mary J. Long, of 1901 Third avenue, is dead, the result of a most peculiar accident. The child fell into a washpot of soapy water while playing in the back yard of the family residence. Shortly afterward his little sister discovered the accident and pulled him out, the child's head being completely immersed when she first noticed him. A physician worked on the child an hour and restored respiration, but the little patient died after lingering 23 hours. The extreme soapiness of the water, a good deal of which he swallowed, is attributed by the physician as the main reason why the efforts to save him failed, even after respiration had been restored.

Escaped Convict Captured.

Augusta, Ga., une 6.—Arthur Carroll, the white man who escaped from the stockade Friday night, has been captured, but only after a hard fight. Carroll was discovered on the Louisville plank road while trying to file off his shackles by J. L. Fulghum. He called upon Carroll to surrender but instead the convict grappled with him and a severe struggle ensued. Carroll was finally choked into submission. After assistance was secured, Carroll started to run away but was halted by threats of shooting.

Declared Unconstitutional.

Nashville, Tenn., June 6.—Judge Palmer, of Memphis, has declared tre anti-race gambling law unconstitutional on the ground that the caption covered more than the body of the bill. Printed slips of the law had been sent out, which read an act entitled "An act to prohibit gambling and horse racing." This was a typographical error, it should have read, "An act to prohibit gambling on horse races." The bound volume of laws will contain the law as passed by the legislature.

Title to Site of Skyscraper.

Montgomery, Ala., June 6.—The supreme court has handed down an opinion sustaining the title of W. H. Howard, the present owner of the Woodward building, in Birmingham. This lot has a ten-story steel building on it and is possibly the most valuable piece of land of its size in the state. The transfer of the property was attacked in the chancery court of Birmingham and ruled without equity of a justice, and the court above has affirmed.

Call Sheriff to Quell a Riot.

Centerville, Tenn., June 6.—Sheriff Roberts was called to the New York Phosphate mines, 8 miles from this place, to quell a riot started by former employees. The trouble is due to the discharge of the men. It is stated they destroyed a locomotive and other property of the company. The sheriff found everything quiet when he arrived, but trouble is still feared.

China-Making at Augusta.

Augusta, Ga., June 66.—The Augusta China company, capital $25,000, was organized here at a most enthusiastic meeting. The pottery will be located at Augusta and will use exclusively clays found around Augusta. The new concern will have a pay roll of about $1,000 weekly.

WAS DRIVEN BY FEAR TO COMMIT CRIME

Morales Tells Why He Killed General Barrillas.

WAS BUT TOOL OF HIS COUSIN

Hounded by Mora Until Forced, Through Fear, to Plunge the Knife Into the Victim—He Is Only 18 Years Old.

Mexico, June 6.—Florence Morales, the man who killed General Barrillas, ex-president of Guatemala, in one of the streets of this capital on May 7 last, told in the court Tuesday the motive for his crime. He places the blame for his act on the shoulders of his cousin, Bernardo Mora, the man who is named as his accomplice.

Morales does not deny that the murder of the man was of a deliberate character, but insists that he committed the crime in order to save himself. He insists that he was but the tool of his cousin, and from the moment he was entrusted with the secret of the plot he was hounded by Mora until forced, through fear, to plunge the knife into the body of the victim selected.

Upon being placed on the stand, the assassin stated that he was but 18 years old. This statement, it is thought, if accepted as a fact by the jurymen, may have the effect of causing them to recommend clemency.

CROKER STILL AN AMERICAN.

Former Tammany Leader Will Retain His Citizenship.

New York, June 6.—Dispatches from London convey an interview with Richard Croker, who is in London to see the Derby run Wednesday, in which the former Tammany leader says that he wants to visit New York next autumn, but has not yet definitely decided to go.

"I always like," Mr. Croker is quoted as saying, "to see the boys of the old guard in New York city politics. But the ranks are thinning. The other day I ran over the names of the party of two hundred who entertained me at dinner nine years ago, I found that seventy-five were dead."

In speaking of the recent reports that he might give up his American citizenship and stand for parliament, Mr. Croker said:

"I have no intention of giving up my American citizenship. I expect to die an American."

Committee's Action Significant.

Rome, June 6.—The refusal of a parliamentary committee to authorize the appropriation of $40,000,000 asked for by the war office, is considered significant. The committee recommends a grant of only $6,000,000. As the money was required for artillery, the committee's action is considered to amount practically to a reduction of the armament on the eve of the meeting of the Hague conference.

Freights Collide; One Man Hurt.

Whitesburg, Ga., June 6.—There was a head-on collision between two freight trains at Sargeants, 6 miles north of Newnan, on the Central railroad. No life lost in the collision, but one man named Bailey, in the employ of the road, was crushed in the removal of the wreckage, a pile of lumber falling on him.

Policeman's Alleged Slayer Arrested.

Phoenix, Ariz., June 6.—A telegram to the governor's office Tuesday announced the arrest in Yuma of John Aslit, a negro, wanted in the city of Houston, Tex., for the alleged murder of a policeman several months ago. The arrest was made at the request of the governor of Texas.

Full Crew in Spite of Strike.

Paris, June 6.—The French Trans-Atlantic line announced that in spite of the decision of the seamen at Havre to continue the strike, a full crew had been secured for LaProvence, insuring her sailing for New York.

JOHN W. JOLLY UNDER HEAVY BOND

Former Atlantic Coast Line Agent at Leesburg Arraigned.

CHARGED WITH EMBEZZLEMENT

Was Arrested at Leesburg Under Warrant Sworn Out by Representative of the American Surety Company. Bond Fixed at $3,000.

John W. Jolly, former agent of the Atlantic Coast Line at Leesburg, who was arrested on Wednesday upon a charge alleging embezzlement, was arraigned before Judge Milam at Tavares, and the following telegram from Tavares, the county seat of Lake county, will prove of interest to readers of The Sun:

"John W. Jolly, until recently the trusted agent for the Atlantic Coast Line Railroad Company, at Leesburg, was arrested this morning by Sheriff Murrhee, who brought the prisoner here for a preliminary examination before Judge J. B. Milam. This arrest was made at the instance of the American Surety Company of New York, which is on the bond of Jolly, for whom two warrants were issud, one of which charges him with having embezzled $2,148 and the other warrant is for the alleged forgery of eight receipts purporting to represent that number of money packages aggregating $1,317, which Jolly claimed to have forwarded by the Southern Express Company for deposit with the East Florida Savings and Trust Company, in Palatka. The shortage was discovered by G. W. Watkins, the traveling auditor, who says that when he confronted Jolly with these receipts he broke down and confessed that he had forged the names of the express messenger in the hope of deceiving the auditor and thus cover up his shortage. The defendant was arraigned before Judge Milam and was held in default of bail in the sum of $3,000, to await the action of the grand jury at the October term of the circuit court."

Sewer Work Progressing.

Work on the sewerage system continues to progress favorably, a large force of men being engaged on the job.

Contractor Beeman has experienced a great deal of trouble in securing labor and material, but everything is working smoothly now, and he expects to complete the system within the present month.

LITTLE BABY CURED OF ECZEMA

Parents Applied to Hospitals and Doctors but Could Get No Relief—Grew Worse Under Doctor's Prescription—Friends Recommended Cuticura—Result

A SPEEDY AND PERMANENT CURE

"We express to you herewith our best thanks for the cure of our baby from eczema. The eczema appeared when the child was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. A physician recommended a salve which we threw into the fire after two days' use as the eczema became worse so that the baby scratched his face. At last, one of our friends recommended to us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all $1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only make twelve dollars a week as a teamster, but I recommend the Cuticura Remedies strongly to all mothers whose children suffer from such diseases. They are cheap, harmless and good. C. F. Kara and Wife, 343 East 65th Street, New York, March 30, 1906."

FOR SORE HANDS

Soak the hands on retiring, in a hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, and in severe cases spread the Ointment on thin pieces of old linen or cotton. Wear during the night old, loose, kid gloves, with the finger ends cut off and holes cut in the palms, or a light bandage of old cotton.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Pills (Chocolate Coated, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Depots: London, Newbary, 27 Charterhouse Sq.; Paris, Roberts, 5 Rue de la Paix.

ADVENT CHRISTIAN CHURCH.

Elder Joe Sherouse Delivered Fine Sermon Wednesday Evening.

As was announced, Elder Joe Sherouse preached Wednesday evening on "The Spirits in Prison" and had a good congregation to hear him. The subject was ably handled and seemed to have been enjoyed by all. Elder Sherouse is dong himself justice as a scholar and speaker and we are glad to see the people take an interest in the meetings, as we feel sure that those who attend are deeply impressed with the great truths which are brought out by this able speaker.

Other special subjects of interest will be taken up during the meetings, and we hope to see large crowds to hear him.

BROUGHT A PRISONER.

Henry Dixon, a Negro, Wanted in Madison County for Embezzlement.

Henry Dixon, a negro wanted by the Madison county authorities upon a charge of embezzlement, has been arrested by Deputy Sheriff John Osteen near Hines, in the West End, where Dixon has been employed for some time.

Dixon was brought to Gainesville and placed in prison, and the officers of Madison county have been notified. An officer is expected for the prisoner at any time.

North Gainesville Deal.

Rev. Wm: Carpenter of Providence, R. I., who has been in this section for the past few weeks, has exemplified his confidence in the future of Gainesville by purchasing a cozy six-room cottage from A. O. Steenburg in North Gainesville, and will make his home permanently here.

Mr. Carpenter has made himself quite popular here, and his numerous friends will be glad to learn that he has decided to become a Gainesvillean in fact.

Helping Hands Society.

The Helping Hands of the Presbyterian church held a pleasant meeting on Wednesday afternoon at the home of Miss Lizzie Bradford. After finishing up the business for the summer and paying all their indebtedness for the year, the society adjourned until October.

Miss Bradford proved a most pleasant hostess.

TWO SOLID TRAINS OF MELONS TUESDAY

Atlantic Coast Line Pulls First Solid Trains of the Season.

MOVEMENT WILL BE HEAVY

Indications Are that Railroads Will be Heavily Taxed to Move the Crop, Which Will be One of the Heaviest for Several Years.

The melon movement from points south is becoming heavier each day, and from present indications all railroads will be taxed to their utmost capacity to handle the crop. Notwithstanding the early season, two solid trainloads of cantaloupes and watermelons came over the Atlantic Coast Line Tuesday night, consigned from points in Marion and Alachua counties to various markets in the North, the majority being to points in the East.

Growers are anticipating not only a heavy yield, but a profitable one, as the fruit is said to be of exceptional quality this season.

The movement from the Gainesville section will not reach its height for several days, although a great many shipments are being made now. The prospects throughout this section for cantaloupes was never better.

MARSHAL ARNOW IS CLEVER.

By Shrewd Work He Recovered Handsome Necklace Which Was Stolen.

Marshal Benj. T. Arnow is demonstrating his ability for shrewdness every day. His latest success in this direction was the recovery of a valuable necklace and the apprehension of the party alleged to be connected with the taking of the same, and for which the owner of the necklace, a visiting young lady, is very grateful to the officer.

On Wednesday the necklace was missed. During the day a quartette of colored men were employed about the house, engaged in moving some furniture.

Marshal Arnow was at once notified, and when apprised of the presence of the quartette of negroes, arrested John Goth, one of the number. Goth denied stoutly any knowledge of the missing necklace or its whereabouts. He was placed in the city jail, after which it did not require long for him to consent to escort Marshal Arnow to the place where the jewelry was hidden.

Goth insists that he was not guilty of the theft of the necklace, but that he was aware it had been stolen, as he saw one of his companions take the necklace and conceal it.

After the property was recovered, there being no evidence to prove that Goth was guilty of theft, he was released—but Marshal Arnow's action in the matter brought about the desired effect.

GAINESVILLE LEADS IN CANTALOUPES

Melons from This Section Are of the Finest Quality.

THE CROP WILL BE LARGE

It is Estimated by Staff Correspondent of The Packer That 50,000 Crates Will be Moved by Gainesville Melon Growers' Association.

(From The Packer, New York.)

Gainesville, Fla., May 31.—Gainesville is named the "Central City," no doubt because it is nearly the center of Florida, but there are other reasons for which it might be called the "Central City," as it certainly is the center of progress in Florida at the present time in city improvements. A few years ago Gainesville was a little village with deep sand and bad sidewalks, while today it has miles of the finest cement walks, hard stone streets and all other up-to-date city improvements. The country surrounding is hilly and the farm lands are of the best, and as the farmer is the real producer of wealth, this is no doubt the main cause of Gainesville's rapid growth and improvement. Nearly everything in vegetables, fruits and general farm produce is grown here, but this section is particularly noted for its fine quantity of cantaloupes

The Gainesville Melon Growers' Association, C. A. Colclough, president; J. D. Stringfellow, vice-president, and F. D. Warner general manager, secretary and treasurer, alone shipped last year 38,644 crates of cantaloupes and expects to ship 50,000 this season.

Among the growers here are the following: D. L. Graham, beans and cukes, now shipping; S. H. Wienges, cukes and beans; F. D. Warner, general shipper and grower, 350-acre peach orchard near this place and 20-acre orange grove on Lake Griffin; F. C. Crown, cantaloupes, eggplant, tomatoes and fine peach orchard with fruit now ripe; D. W. L. Barton, cukes, cantaloupes, eggplant and peppers; Henry Ramsey, general merchant, grower, buyer and shipper; J. D. Stringfellow, 100 acres of cantaloupes in company with C. A. Colclough, while Mr. Colclough has 50 acres additional. W. S. McDowall is not a grower but is representing W. J. & S. H. Davenport of New York, and J. P. Wilson of Philadelphia, and handles a vast amount of fruits and vegetables for these firms. Mr. McDowall is also a general buyer and shipper to all markets. L. E. Means has 3 acres of irrigated cukes of fine quality, now shipping, also cantaloupes, squash and tomatoes. Henry J. Bailey has 20 acres of fine watermelons which he wishes to sell f. o. b. Gainesville, also beans and other vegetables. W. G. Carter has 2 acres of irrigated cukes, now shipping. H. C. Roth has 5 acres of cukes, now shipping, 12 acres of cants, ready for market in few days, and a fine field of beans. L. L. Hill is a buyer, shipper and general broker in fruits and vegetables.

REV. PASCO TO BE HERE.

Former Superintendent of East Florida Seminary Will Preach Sunday.

The people of Gainesville will have the pleasure of again greeting, and the congregation of the Methodist church of hearing, Rev. Frederick Pasco, editor of The Florida Christian Advocate, and one of the most widely known and most eloquent preachers in the State, on Sunday.

Dr. Pasco was at one time superintendent of East Florida Seminary here, during which time the Seminary enjoyed fine success. He has promised to fill the pulpit of the First Methodist church both morning and evening Sunday, owing to the absence of the pastor, Rev. T. J. Nixon, who is attending the commencement exercises of Emory College, Oxford, Ga.

In the Mayor's Court.

For being asleep in his vehicle on the street, John Montgomery, a hackman, was arrested Wednesday night, and was arraigned in the municipal court Thursday morning.

The mayor assessed the defendant a fine of $1 and costs, with the admonition that it would have been much easier and much less expensive to have hired a bed. The fine was paid and the defendant released.

A MANUFACTURING ENTERPRISE.

Denham Manufacturing Co. Prepared to Make Millions of Bricks.

One of the latest manufacturing enterprises in Gainesville is the Denham Manufacturing Company, of which W. L. Denham is manager.

The concern has equipped its plant with the latest modern brick machinery, and has a present capacity of 10,000 per day, which will be increased from time to time as the occasion and demand requires. The firm proposes to manufacture from sand, clay, cement and chemicals, an assortment of as fine bricks, and color or shade, and almost any pattern desired, as can be found in the country. These bricks will be manufactured under the McDonald process, which is patented by the foreman of the plant.

The first consignment has been turned out, and would be a credit to any plant, being firm, and of uniform weight and proportion.

The Denham Manufacturing Company promises to prove one of Florida's most important industries.

To Our Friends and Patrons.

The closing of our banking department is now fixed for the 5th of July. This will be immediately succeeded by The Dutton Bank, a State institution organized by and to be conducted and managed by some of the most reliable and conservative men of the city and vicinity.

All deposits in the bank of H. F. Dutton & Co. will be transferred to the new bank, unless otherwise directed by the depositors, and business will continue without change or interruption of any kind. The new bank will forward receipts and all necessary papers to the depositors.

Parties holding time certificates of deposit can have them redeemed at once, with interest, or can hold them until their maturity, to suit the wishes or convenience of the holder. The new bank will issue certificates with like conditions if parties so desire.

We bespeak for our successors the same liberal patronage that we have received. They are men so well known in this vicinity that they will have already secured the confidence of others as they have of ourselves. They ask for your patronage, and will return in favors as liberal as a conservative method of doing business will permit. If our old depositors, who have been with us so many years, will extend to them the same confidence, favors and patronage that they have so liberally given us, they will add to the many obligations under which they have already placed us.

H. F. Dutton & Co. will handle cotton (bales of cotton) as usual at the old stand. Very sincerely,

H. F. DUTTON & CO.

DEATH OF MRS. RICE.

Well Known High Springs Lady Passed Away Suddenly.

High Springs, June 6.—Mrs. Elizabeth Rice, aged eighty-three years, died at the residence of her son, J. G. Rice at High Springs, after one day's illness, June 2nd at 4:05 p. m.

Deceased was a member of the Methodist church from childhood, and a Christian woman, doing good to all with whom she came in contact.

She is mourned by two sons, J. G. and G. Rice, and two daughters, Mrs. M. A. Gould of Jacksonville, and Mrs. Charles Cameron of Columbia City, Washington, and their children. Interment was held at High Springs, Monday.

THE MASK OF HEALTH.

Few People Are Really as Well as They Look—Cause and Remedy.

Many people in Gainesville, both men and women, who believe themselves to be in perfect health, are often in the greatest danger.

Indigestion, which is so common a trouble, is the principal cause of the greater share of the general poor health. It has misleading symptoms that seem to have no reference to the stomach, such as headache, sleeplessness, specks before the eyes, pains in the back and side, etc.

The success of physicians everywhere with the prescription that is now embodied in Mi-o-na stomach tablets has made this remedy in the last few years the acknowledged specific for the treatment of stomach diseases. The secret of this success lies in the fact that Mi-o-na is prepared expressly to strengthen the digestive organs and its use for a few days puts the whole digestive system in such shape that it can care for all of the food that is eaten without pain or distress.

Simply take a Mi-o-na stomach tablet before each meal and on retiring, and it will so strengthen the stomach that you can enjoy a hearty meal without the least fear of distress or suffering. J. W. McCollum gives an absolute unqualified guarantee that your money will be refunded unless Mi-o-na cures. He takes the whole risk and the remedy will not cost you a penny unless it cures you.

CLEAN MACHINERY.

Every man who knows anything about it will say that machinery must be kept clean if the best work is expected from it. Exactly the same is true of the machinery of the body, which can do its work properly only when kept clear of clogging accumulations. The bodily machinery of the human being is clogged when there is constipation and this can be permanently cured and prevented from becoming chronic only by restoring the strength of weakened muscles. Experienced medical men find that this can best be done by the use, until there is free movement of the bowels, of teaspoonful doses, at bedtime and before each meal, of a preparation of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, 1 oz. Aro-Sagrada, 30 grains Bi-Carbonate of Soda, ½ oz. water and 1½ ozs. Glycerine. The ingredients are all entirely harmless and any good druggist can prepare the medicine.

Bodies Torn to Fragments.

Kankakee, Ill., June 6.—At least five persons are dead as the result of an explosion of a carload of giant powder on the Chicago, Indiana and Southern railroad at Reddick, Ill., 20 miles west of here Tuesday afternoon. A car loaded with matches caught fire and a crowd gathered. It is supposed that the burning matches set off the powder in the adjoining car. The bodies of the dead were torn to fragments. The explosion was felt for 20 miles, and many windows were broken.

Cloudburst in Kentucky.

Lexington, Ky., June 6.—Specials received Wednesday morning say a cloudburst in eastern Kentucky Tuesday night did great damage. Rowan, Carter, Menifee and Bath counties were deluged. The rain was accompanied by a heavy wind. Plowed ground was washed off, fences and small bridges swept away and crops ruined. Triplett, Salt Lick and other small creeks, are high out of their banks.

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs.

Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as

Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs.

It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female sysem. It is an excellent remedy for derangements of the Kidneys in either sex.

AN AMERICAN BAYREUTH.

Lillian Nordica Festival House To Be Built on Hudson.

New York, June 6.—Mme. Lillian Nordica, the Herald announces, will establish on the Hudson, near New York, a Bayreuth in America. With a part of her great fortune the noted singer will erect the Lillian Nordica Festival house, which will be to this country what the famous operatic institution founded by Richard Wagner, now maintained by his widow, is to Europe.

The site for the institution was purchased Tuesday for $100,000, and Mme. Nordica expects that the opera house will be ready for its formal dedication one year from next summer.

An American Institute of Music, where American young men and women who aspire to operatic honors, will be taught by the foremost teachers in the world, is included in the plans of the famous singer.

RUSSO-JAPANESE TREATY.

Final Drafts Have Been Completed and Sent to Tokio.

St. Petersburg, June 6.—The final drafts of the Russo-Japanese commercial treaty have been completed and sent to Tokio for approval. The answer of the emperor of Japan is expected during the latter part of the month. The treaty will remain in force for five years, according to the Novoe Vremya and is more of a political than an economical character. The protocols covering the negotiations will be made public in a yellow book when the treaty is signed.

The negotiations for a railroad convention between Russia and Japan are progressing slowly. Several new obstacles have arisen and it may be necessary for Russian and Japanese commissions to go to Manchuria and to Tokio in order to settle the disputed questions on the spot.

Two Boys Drowned.

Mineral Bluff, Ga., June 5.—Two small boys, 8 and 10 years old, sons of John Thomas, a farmer living near Mineral Bluff, were drowned in Toccoa river Saturday. It seems the two boys and a younger brother 4 years old were herding cattle near the river and decided to go in bathing. All three undressed and the little 4-year-old fellow, it seems, got frightened and did not go in, although he says the others tried to pull him into the river, which was considerably swollen. Some hours later the parents found the 4-year-old boy, wandering about nude, and learned from him the fate of his brothers. The alarm was given and a number of citizens from this place went to the scene of the drowning and succeeded in recovering the body of the younger boy.

Through Excitement Conductor Dies.

Alexandria, La., June 5.—Conductor George P. Kramer died at the scene of the wreck of his train at Tioga Sunday as the result of excitement. He had a combination freight and passenger train on the Iron Mountain, northbound, which was ditched by a washout. No one was injured in the wreck, but Kramer worked indefatigably in caring for his passengers and arranging to have the track cleared. Suddenly he sank, exhausted, and died in a few minutes.

Woman Pastor Weds a Vanderbilt.

New York, June 6.—Announcement has been made of the marriage of Rev. Mary S. Pepper, pastor of the Soul Communion church, which holds its spiritulaistic sessions in the Aurora Grata cathedral, Brooklyn, and Edward Ward Vanderbilt, a wealthy lumber merchant of this city. Rev. Mrs. Vanderbilt preached her farewell sermon to her church a week ago, and it was supposed she was going to Europe. The announcement of her marriage, therefore, was a surprise.

May Soon Settle Seamen's Srike.

Paris, June 4.—Although it cannot be said that any great change has taken place in the seamen's strike, the situation Monday morning was brighter and there are hopes of an early settlement of the dispute. Representatives of the maritime districts are warning the men that they have been too precipitate and are alienating public sympathy by abruptly paralyzing trade, besides subjecting them to heavy penalties.

Slate Lands Are Sold.

Rockmart, Ga., June 5.—The entire slate lands of the Devoe estate have been sold by J. F. Devoe to an Atlanta capitalist for a fancy price. It is understood this company will put in a large brick plant to utilize the slate shale, and will begin operating the quarries at an early date.

SHORT TALKS BY L. T. COOPER.

LACK OF ENERGY.

No man or woman can be successful or happy if they lack energy. If they get up in the morning dreading the days work ahead they will accomplish very little. A great many people are this way. The cause is lack of vitality. Vitality or energy is the power to go and keep on going without becoming more than healthily tired. It comes from a perfectly working system just as power comes from a perfectly working engine. If you lack this power something is out of order. Ten to one it's your stomach.

MR. A. G. LATUBYS.

Take two bottles of Cooper's New Discovery. It will get the stomach in shape. See if energy and ambition don't come back before the two bottles are gone.

This letter is from a man who tried it: "After suffering for some time from stomach trouble, loss of appetite, headaches and a kind of 'all tuckered out' feeling I decided to try Cooper's New Discovery."

"I used to get up in the morning with my tongue coated and sick at my stomach. I would feel as though it was almost impossible to drag myself to work. Lots of times I had dizzy spells and backaches. After I used several bottles all these symptoms began to disappear and soon I began to feel like my old self again. Now I feel like a new man. It is a pleasure to work, for I always feel like it. I eat well, and sleep well and am sure I will have no further trouble with my stomach." A. G. Latubys, 167 Porter St., Detroit, Mich.

It is estimated that nearly half a million bottles of the famous Cooper medicines were sold during Mr. Cooper's recent demonstration in Chicago. We are agents.

LONG OCEAN SPEED TEST.

Thirteen Yachts Leave New York In Contest for Maier Cup.

New York, June 6.—When colors were made on the yachts at Gravesend Bay, the sailors and men aboard the thirteen yachts, which lay at anchor nearby, were preparing for the early start of the 600-mile ocean yacht race for sailing boats from New York to Bermuda for the Maier cup.

The start was scheduled for 10 o'clock from off the Brooklyn Yacht Club.

Two cups were offered for the race—one by Commodore Frank Maier, of the New Rochelle Yacht club, for the winner of the class of boats between 50 and 90 feet in length and a second cup, given by the New Rochelle, Brooklyn and Royal Bermuda Yacht clubs, for the winner of the class of yachts measuring under 50 feet.

The first division of the yachts started promptly at 10 o'clock followed about an hour later by the second division, twelve boats in all.

BODY FOUND IN WELL.

Woman's Head Was Crushed in by a Blunt Instrument.

Minneapolis, June 6.—The body of Mrs. Katherine McCart, who lived at 1201 Franklin avenue, East, in Minneapolis, and who has been missing since May 24, was found Tuesday by detectives in an abandoned well on the farm of George Katelbach, a few miles out from the city.

The woman's head had been crushed by a blunt instrument. The body was partly clothed.

George A. Katelbach, the owner of the farm, is a brother-in-law of the dead woman, and all night detectives guarded the house while Katelbach had barricaded himself inside.

The officers made no attempt to get the man.

Empress Addresses Red Cross.

Tokio, June 6.—The Red Cross society of Japan held a general meeting here Wednesday at which the empress was present. Her majesty made a speech congratulating the society on its success and praying for a continuance of its prosperity. The society, which now has a membership of 1,320,000, is now actively at work in Korea and Manchuria.

SHERIFF USED AUTOMOBILE.

Little Girl Was Assaulted and the Negro Was Captured at Statesboro.

Statesboro, Ga., June 6.—A little 12-year-old girl was, on Monday, assaulted at Arcola by a negro named Will Goodwin. The negro was arrested and confessed the crime.

The negro was plowing in a field within a few hundred yards of the business part of Arcola, when the little girl passed.

The negro left his plow and caught the little girl before she could escape. He released her and she ran crying into Arcola, where she told of the affair. A posse was formed and the negro was found without trouble near the scene of his crime.

It was determined to get him into Statesboro and into jail as soon as possible, so as to prevent violence. P. R. McElven, a resident of Arcola, had the negro confined and telephoned to Statesboro, notifying Sheriff Kendrick.

There was no train to Arcola before morning, but the sheriff was supplied with the railroad automobile of the Savannah and Statesboro railroad and carried to the scene of the trouble. He took Goodwyn in charge and brought him to Statesboro in the automobile.

First Trains on Tampa Northern.

Tampa, Fla., June 6.—The first train on the regular schedule on the Tampa Northern railroad arrived here from Brooksville Tuesday morning, and the first outgoing train left here in the afternoon. The road is now completed to Brooksville, a distance of 48½ miles, and will be operated in connection with the Brooksville and Hudson, giving a total mileage of 70. Regular schedule will be maintained from this date.

Gets Five Years and 24 Lashes.

London, June 6.—A dispatch to the Daily Mail from Mobassa reports that a native has been sentenced to five years' imprisonment and to receive 24 lashes for an attempted assault upon the daughter of an European missionary. The recent imprisonment of colonists for flogging unruly natives in order to prevent crimes against white women, has caused intense feeling among the white settlers.

Will Confer Degrees in Cuba.

Augusta, Ga., June 6.—Patrick Walsh Council Knights of Columbus, has been selected to confer the three first degrees upon a class to be formed in Havana, Cuba. The Catholic order has but recently been instituted in the Antilles and the Havana council is the first to be established in Cuba. Grand Knight P. H. Rice is now in correspondence arranging the details.

Councilman Was Fined.

Montgomery, Ala., June 6.—Jas. Sullivan, a member of the city council, was fined $10 and costs for assaulting R. R. Retan, a reporter of the State, in the council chamber.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

MAY BE EXTRA SESSION.

The following is from The Pensacola Journal of June 5th:

"Hon. R. Pope Reese, Representative from Escambia county to the Legislature, has returned from Tallahassee, where he has been for the past sixty days attending the sessions of that body.

"Speaking to a Journal representative yesterday afternoon, Mr. Reese stated that the commission to investigate the acts of the trustees of the Internal Improvement fund, will convene for its first session in Tallahassee on June 18.

"The commission is composed of Syd L. Carter, as chairman; and Park Trammell, secretary. The other members, composed of both Senators and Representatives, are George H. Matthews, M. O. Knight, R. P. Reese, Senator Leggett and Senator Fred Cone.

"Mr. Reese stated yesterday afternoon that it is his opinion that two or three months will be consumed in the investigations into the acts of the trustees, as the investigation is to be very thorough and will cover transactions as far back as 1855. This work will be continued at Tallahassee until it is completed.

"It is the general belief, Mr. Reese says, that when the commission completes its investigation and presents its report to the Governor, the latter will call a special session of the Legislature, though he has not as yet signified such an intention."

According to Albertus Vogt, who first discovered phosphate in Florida, says The Times-Union, there is not enough money in the entire world to pay for one-half the phosphate in Alachua, Marion, Citrus, Levy, Hernando, Polk and DeSoto counties. Yet with all this mineral wealth in the State, it has been the habit of some Floridians to pooh-pooh the idea of a geological survey. The decriers of geological science as an economic adjunct to the State's prosperity, however, have either become converted or are now holding their peace. We shall never know how rich Florida really is in mineral wealth until a thorough geological survey has been made. In the one article of phosphate, Mr. Vogt's remark in a communication to The Tampa Tribune that the phosphate business alone would support millions of people for centuries in Florida, without other resources, is a pointer to immense possibilities even if Florida were as barren otherwise as her enemies occassionally proclaim our teeming and fertile State to be.

The Live Oak Democrat refers to the "passing" of the recent Legislature as follows: "The Florida Legislature passed into history last night, May 31, and all nature seemed to rejoice over the fact. The forest birds were out in force this morning, singing their sweetest tunes; the Florida hen cackled with a different voice, the rooster crowed in a more musical way; the atmosphere more pleasant, the leaves appeared a brighter green, the old town cow meandered with a quicker step; the stroke of the town clock sounded more in unison, and in fact all nature seemed to rejoice that it was all over."

It isn't hard to find trouble if a man goes on the hunt for it.

A MESSAGE TO DEMOCRACY.

Judge Isidor Rayner, United States Senator from Maryland, recently delivered the following message to the Democrats of the country, which is worthy of careful consideration of Democrats who have the interest of the party at heart:

"Of course," said Senator Rayner, "we all appreciate the fact that when a new issue arises the Democratic party must take its stand upon one side or the other, and as new issues develop parties must enlarge and expand. No one desires to restrict the Democratic party either to a dead issue or simply to those that existed at the time of its formation.

"Now, have we any principles? I think we have. Has the Republican party stolen them? I acquit them of the charge. I think that they are entirely innocent, and I don't believe that they have any felonious intent or design whatever to appropriate them. Is the President a Democrat? I most respectfully deny it."

Senator Rayner, after showing the lines that divided the two parties, said: "We must not yield the slightest fraction of the supremacy of the States over their own local and domestic concerns. This is our heritage, and we must not barter it for wealth, for progress or prosperity. Prosperity may be only temporary, but the foundations of the republic are perpetual.

"In the next place, we are opposed to governmental paternalism. It is a reproach to Jefferson to claim that if he were living he would be in favor of it. I predict, with great respect to others who may differ with me, that the day will never come when the Government of the United States will own and operate the railroads of the country.

"Let us give the present railroad law a fair test and trial, and if it does not answer the purposes of its enactment let us extend its provisions and supplement its remedies so that it will meet any emergency that may arise. There is one proposition, however, that the Democratic party must contend for in this connection and that is it must demand a complete obedience to the existing statute. The railroad presidents and officers of our trunk lines must be made, once and forever, to realize that they are the servants, and not the masters, of the people."

After suggesting a platform upon which all Democrats could unite, Senator Rayner closed by saying: "If we advocate principles that are not Democratic and be again defeated at the polls, then it looks to me as if the hour of disintegration was at hand, because the only thing that has kept us alive through all the strange vicissitudes of our fortune is the fact that we have never yet wholly abandoned the historic tradition of our faith and have never yet, upon all the pages of our history, sounded a final retreat.

"If the Democratic party will only follow Jeffersonian precepts and axioms without attempting a revised edition that he would repudiate if he were living; if it would only unite upon essentials and not devide upon non-essentials; if it will only stand by the old ritual and not attempt to alter it to suit every economic clique or mongrel denomination that is willing to carry itself under its banners; if it will only abandon the worship of temporary idols that are broken into fragments with the close cardinal principles that will remain immutable so long as the republic lasts, regardless of the fact whether parties discard them or not—then I believe that our mission is by no means ended, but that, emerging from the apathy and lethargy that now envelops us, we shall be recalled to life to resume the activities of our normal existence and to the accomplishment of our historic destiny."

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

Several of the State papers severely criticise Governor Broward for refusing to surrender Claude L'Engle to the sheriff of Manatee county, to answer to five indictments for criminal libel. The indictments are the result of articles published by L'Engle in his Florida Sun regarding John A. Graham, Democratic nominee for the Legislature. It is claimed that Governor Broward commanded the sheriff of Leon county not to serve the capias from the Manatee county court. The final outcome of the case will be watched with interest.

The Marsh Wren's Sagacity.

Birds often have more sagacity than is generally accredited them. The long billed marsh wren, which builds a substantial nest of rush leaves, swinging in the tall rushes of a marsh, invariably makes several nests, but only uses one. This is undoubtedly for the purpose of misleading its enemies. The nest used is always the best hidden, while those not used—the decoy nests—may be easily found by those who seek them.

In Ignorance.

"Your husband seems to have an exalted opinion of you," remarked the bride's aunt. "He says you are his right hand."

"Yes," rejoined the young wife, with a sigh, "but he's one of those men who never let their right hand know what their left hand does."

Wrong Man.

"You understand," said the captain, "that we want a secretary who is thoroughly accustomed to managing men."

"In that case," answered the applicant sadly, "I'm afraid it's not me you want, but my wife."

Biliousness

"I have used your valuable Cascarets and find them perfect. Couldn't do without them. I have used them for some time for indigestion and biliousness and am now completely cured. Recommend them to everyone. Once tried, you will never be without them in the family."

CUSTOMS OFFICIALS.

Those of England Called the Most Obliging and Helpful.

There is no country where the matter of landing from American passenger ships is so easy and so expeditiously done as England, says the Travel Magazine. Of course it is a free trade country, the freest in the whole world. There are duties levied on tobacco and spirits, but travelers are allowed a half pound of tobacco in any shape and a half pint of spirits, which also includes perfume. Sugar is dutiable, whether in grain, sweets or in jam, but a small quantity is freely passed. In all cases, however, these goods must be the actual property of the passenger and be for his use and control. Cocoa, coffee and tea are also dutiable, as are reprints of English books. Outside of these things, as named, passengers can bring in anything—motors, cycles, horses, but not dogs, which animals a not to exceed six months' quarantine awaits. Keep dogs on the American side. The customs officials are life appointees—under the civil service—and will be found most obliging and helpful. In fact, they are a model to the customs world. Tell the truth at all times to these officials and you will be all right. They are marvelously keen on spotting the supposedly smart liar. Lying doesn't pay "annyhow, Hinnessy!" at home or abroad.

TESTATORS' LAST WISHES.

Strange Requests Regarding the Arrangement of Funerals.

Sir James Colquhoun's desire to be buried in full evening dress costume recalls, says the London Standard, curious last wishes of other testators.

George Herring directed that his remains should lie beneath a sundial at the Haven of Rest, Maidenhead. Queen Victoria planned the entire programme for her funeral, even choosing the music to be played, the anthems to be sung.

A couple of months ago a young lady who died at Reigate on the eve of her wedding was buried in her bridal dress, the friends who were to have been her bridesmaids attending the funeral in the gowns which they should have worn at the wedding and carrying in place of wreaths the wedding bouquets.

More singular was the funeral of Major General Algernon Stewart at Hascombe, Surrey. The coffin was drawn to the grave by the dead man's horse. The mourners walked, and the bearers wore old fashioned smocks, each with its collar adorned with a text. The same men appeared in their mourning garments at the church service on the following Sunday.

Disqualified.

Although Mrs. Harlow loved her husband and admired what she considered his good points, it was a never ending source of amazement to her that he had been chosen to fill the office of mayor for three successive terms.

"Everybody knows how much I think of James," she said in a dazed way to one of her husband's cousins. "I always said and always should say that he is as good as gold. But if you'll tell me whether you think a man who is color blind and who brings home toys that won't go when you wind them and who still thinks I could like olives if I'd only try is fit for such a position why, all I can say is I don't." —Youth's Companion.

A Chinese Idea of Foreigners.

The following is a quite modern Chinese conception of the foreigners' treatment of infectious cases: "If an epidemic broke out two foreigners took the sick away and put them in a little room, washed them with lime water and then locked them up so that no one could see them on purpose that they might soon die and not propagate the disease. Wives and children might cry and weep, but the foreigner would but drive them away with sticks, for until dead no one must see those faces again. Better for all of us to jump into the sea than submit to this."—South China Post.

Antiquity of an Old Tune.

When Napoleon's army was in Egypt in 1799 and the band struck up the tune which in England is set to the song "We Won't Go Home Till Morning" its effect on the Bedouins was electrical. They leaped and shouted and embraced one another deliriously. They averred that they were listening to the oldest and most popular tune of their people. It is thought that the tune was brought to Europe from the dark continent in the eleventh century by the Crusaders.—St. James' Gazette.

The Appetite.

"The appetite," said the physician, "is always a consideration of great importance."

"Yes," answered the man who is painfully economical. "If you have a poor one you worry about your health, and if you have a good one you worry about the expense."—Washington Star.

Just the Other Way.

She—Did you ever take your motor car to pieces to see how it worked? He—Well, not exactly. I have taken it to pieces to see how it didn't work.

RAISING CHURCH FUNDS.

Kaffirs Mix In a Lot of Fun With Their Generosity.

The gentle Kaffir when he does become Christianized has his own ideas of the best method of raising funds for the support of the "cause." From the subjoined description of a native tea sent home by a missionary it would appear that native generosity, though of a rough and tumble character, is distinctly productive of ways and means:

"Recently I attended a native tea meeting, at which more than £12 was raised by this very poor congregation. The way of doing it was characteristic and amusing. They paid 2 shillings to sit down to tea. Then some one would pay 3 shillings for such and such a man to be required to get up from and leave the table. The man thus assailed would pay 3s. 6d. for leave to sit down again. There was a special table at which six could sit, paying an extra shilling each for the privilege. They had just got seated when a man paid 7 shillings to clear them out, and they paid another 6 shillings to sit on, and so it went on. They arranged all this themselves, and this is their way of giving to the cause. One man had a tin of sirup. He said he would pay 2 shillings to pour it over another man's head who had got himself up well in a large collar, etc.; this man paid 3 shillings to be let off, the next man 4 shillings again to do it, the next 5 shillings to escape, the first 6 shillings to do it—and did it, and, oh, the laughter and the mess!"

THE SACRED CODFISH.

Famous Emblem That Adorns the Massachusetts Statehouse.

A codfish carved in wood hangs on the white mahogany wall of the Massachusetts hall of representatives in the statehouse in Boston. Between two classic pillars it occupies a place of honor, directly opposite the desk of the presiding officer. This wooden fish is the renowned original sacred codfish of the Old Colony, and it has assisted in the deliberations of the lawmakers of Massachusetts for more than a century and a half, gathering sanctity year by year. It is a relic of the old building which preceded the present statehouse, and great is the dignity of this heirloom of colonial art and industry.

The following account of its origin is given in a Boston paper:

"Captain John Welch of Boston was the creator and carver of the celebrated fish. He was a wood carver of renown for his time and in 1747 established his business in Dock square. He belonged to the Ancient and Honorable Artillery company and afterward became its captain. He was called upon to contribute to the decoration of the original assembly hall, and as at that period codfish was the colony's main article of export Captain Welch conceived the idea of immortalizing the king fish of the Massachusetts waters. When completed the carving was finished off and colored so as to be a fac simile of life and was hung on the wall of the assembly hall."

A Fool's Identity.

Some of the best known people pass unrecognized by those to whom they should be known. Harold Frederick met one night at dinner next a man whose very silence and taciturnity caused him the more closely covertly to survey him. Not a word was exchanged between the two. "Who was that hopeless idiot that I sat next to at dinner?" asked Frederick at the close of the meal. "That hopeless idiot was Cecil Rhodes," he was answered. It was the fact. The Colossus had been in one of the moods in which he would not talk, and Frederick, though he had seen his portrait a hundred times, had not recognized him.—St. James' Gazette.

Sagacity of the Ancients.

Many quotations came from the works of Thales, the Greek philosopher and one of the seven wise men. It was he who said, "Know thyself." "Few words are a sign of prudent judgment." "Search after wisdom and choose what is most worthy." "There is nothing more beautiful than the world." "Time is the wisest thing, for it invents and discovers all things." He also said that it was the hardest thing in the world to know oneself and the easiest to admonish another. In his youth Thales was urged to marry, but he said, "It is too soon," and later in life upon being urged again he said, "It is too late."

Where the Relief Would Be.

Dr. Story, the late principal of Glasgow university, taking a holiday in the country once, was met by the minister of the district, who remarked: "Hello, principal! You here? Why, you must come and relieve me for a day." The principal replied, "I don't promise to relieve you, but I might relieve your congregation."

Her Loss.

Gladys—Edith is so sorry she took Herbert's ring back to price it. Penelope—Why so? Gladys—Why, the jeweler said seeing Herbert hadn't been able to settle for it, as he promised, he would've keen it.

His Enthusiasm Was Contagious.

Whitefield, whose dramatic appeals to his listeners were always a noteworthy part of his sermons, once preached to a body of seamen in New York. In the course of his sermon he introduced the following words:

"Well, my boys, we have a clear sky and are making fine headway over a smooth sea before a light breeze, and we shall soon lose sight of land. But what means this sudden lowering of the heavens and that dark cloud rising from the western horizon? Hark! Don't you hear the distant thunder? Don't you see those flashings of lightning? There is a storm gathering! Every man to his duty! How the waves rise and dash against the ship! The air is dark! The tempest rages! Our masts are gone! The ship is on her beam ends! What next?"

The hands of every sailor were gripping the pews in front of them, and a wild excitement was in their eyes. And when the preacher reached the climax of his dramatic speech they sprang to their feet in a body and shouted, "Take to the longboat!"

The Price of Silence.

A well known business man in a town not far from Cincinnati discovered one morning on entering his office that his safe was out of order. He immediately telegraphed to Philadelphia for an expert.

When the latter arrived he found that the safe, an old fashioned affair locked with a key, could not be opened. After a hasty examination the expert, taking a piece of wire, dug out from the key a mass of dust and lint. He then opened the safe in the twinkling of an eye. The business man wore a sickly smile as he asked meekly:

"How much?"

"Twenty dollars."

"Do any of your firm's patrons here know of your visit?"

"Not a soul but yourself."

"Then," added the business man, "here's $40. I'll take it to be a great favor if you'll hustle out by the first train. If any one in this town knew that I paid a man $20 to dig dirt out of a key for me I'd never do another dollar's worth of business in the whole state."—New York Times.

How She Knew He Lost.

"I can always tell whether my husband wins or loses at poker," said the woman in a red gown at an afternoon tea the other day.

"I always know when my husband wins," said a woman in pink. "If he wins he makes peace with me by buying a present, but it is only when he wins that I am told of the game at all. On other occasions when he comes in late it is always because of a pressing business engagement."

"My husband lost last night," the woman in red said. "I had been out late myself to a business meeting of the club and was still up when he came in. He frowned upon seeing the house illuminated and said:

"'For heaven's sake turn out some of these lights and cut down expenses!'"—Kansas City Star.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

The Oldest Toy.

The most primitive toy is the doll. It dates back to prehistoric times and is found in every part of the world. This one would naturally expect to find. A child, seeing its mother nursing younger children, would imitate the example with an improvised doll. Toy weapons, again, are older than history. Many of the older toys at present in use date from the earliest times of which we have any record. In the tombs of the ancient Egyptians, along with painted dolls having movable limbs, have been found marbles, leather covered balls, classic balls and marionettes moved by strings. Ancient Greek tombs furnish clay dolls, toy horses and wooden carts and ships. In the Louvre there are some Greco-Roman dolls of terra cotta with movable joints fastened by wires. Greek babies had rattles (platage). Greek boys played with whipping toys. So did the boys in ancient Rome (Vergil-Aen.; bk. 7). Horace speaks of children trundling hoops, playing odd and even with nuts, etc.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY ....IN GAINESVILLE....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world.

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

.....THE PLAN IN OUTLINE.....

A HANDSOME NICKEL POCKET SAVINGS BANK and an order on

PHIFER BROS., BANKERS

Good for an additional 25 cents when a deposit of one dollar or more in cash is made, will be given to everyone who avail themselves of this opportunity. Make an investigation and you will never regret it.

Mr. Collins and family, who have been residing at 206 N. Pleasant street, have removed to 205 W. McCormick street, which location will be more convenient to Mr. Collins' business.

Rev. T. J. Nixon of the First Methodist church left yesterday for Oxford, Ga., where he goes to attend the commencement exercises of Emory College, of which he is a member of the board of trustees.

Dr. N. J. Barry, a prominent citizen and druggist of High Springs, was a visitor to Gainesville yesterday. He came on business connected with the United States land office, having made an entry under the stone and timber act.

J. M. Haile has returned from his farm near Alachua, where he has been looking after his interests for the past two or three days. Mr. Haile owns one of the handsomest, most model and most productive farms in the county.

A party of sportsmen, chaperoned by P. M. Oliver, have returned from a three-day camp on the romantic shores of Kanapaha sink, which afforded one of the prettiest camping places in Florida. The party reports a good time and plenty of fine fish.

Mr. and Mrs. T. K. Godbey of Waldo passed through the city yesterday en route to Alachua, where they will visit their daughter, Mrs. Clara B. Futch. They were here for several hours, which afforded them the pleasant opportunity of meeting many of their friends.

Wm. Littledale of Hawthorn, the successful traveling salesman for the E. J. Smith Company, manufacturing confectioners, Jacksonville, was in the city yesterday. Mr. Littledale states that his trade is excellent throughout his territory, which is evidence of the prosperity of the people.

B. F. McCall, formerly of Fairbanks, where he was engaged in the naval stores business, is in the city from Jennings, where he is extensively interested in a similar enterprise. Mr. McCall is also interested in real estate, and declares Jennings is the coming town of Hamilton county.

James Crosby, formerly of Micanopy but now residing in Jacksonville, is in the city on a visit to his sister, Mrs. S. V. Duke. Mr. Crosby has been quite ill, and Mrs. Duke was summoned to his bedside several days ago. He accompanied her on her return home. Friends will be glad to learn that his condition is greatly improved.

A. L. Glass and family left yesterday for Brooksville, where they will make their future home. This excellent family have resided in Gainesville for more than ten years, during which Mr. Glass was connected with the Atlantic Coast Line, first as trainmaster, later as division superintendent, and it is with regret that friends see them leave. Mr. Glass is now with the Tampa Northern.

Mrs. W. B. Taylor and son, Glover, and daughter, little Miss Elizabeth, left Wednesday afternoon on their annual vacation in North Carolina. They will be absent several weeks, and friends wish them a pleasant and beneficial sojourn.

The Alaska Packers' Association have taken the highest awards at every World's Fair where their goods were shown. At St. Louis World's Fair the Red Salmon took the grand prize. The only grand prize ever given to Salmon at any World's Fair. The Argo Red Salmon is the best that is packed.

Workmen were yesterday engaged in making preparations for installing the new steel ceiling and remodelling the interior of the old Marcus Endel store, preparatory to installing the furniture and fixtures of the new Gainesville National Bank, which will open for business as soon as the place is ready. This will make a very attractive place, as the furniture is of special design, and no finer could be secured in the country. The plans of the bank have been on exhibition in the window of the Endel block for some time.

Among the prominent visitors to Gainesville yesterday was Hon. Geo. C. Crom, postmaster of Ocala. Mr. Crom formerly resided here, and is well known and popular. He states that Ocala is in fine condition, commercially and otherwise, and that the people of the Brick City were never more prosperous. He remarked by way of parenthesis that he was also glad to note the rapid and substantial development of Gainesville, which is already regarded as the largest and one of the most progressive interior cities in Florida.

How People Lose Their Money.

By concealing it about their person; by stowing it away in mugs, jugs and jars; by sewing it up in skirts and ticks; by tucking it under the couches and carpets, in cupboards and bureau drawers; these are some of the ways by which people lose their money, and sometimes their lives.

How People Save Their Money.

By depositing it in a good, reliable bank. Confident that this bank fully meets the public's needs, we tender its services to all who believe in keeping on the safe side.

DR. HAY AGAIN HONORED.

Decree of Doctor of Divinity Conferred by Davidson College.

Rev. Thos. P. Hay, pastor of the First Presbyterian church, has again been honored, this time by Davidson College, Davidson, N. C., which institution has conferred upon him the honorary degree of Doctor of Divinity.

It will be remembered that Dr. Hay enjoyed a similar honor a few days ago from Rollins College, Winter Park, where he delivered the commencement address.

Under date of June 3, Dr. Henry Louis Smith, president of Davidson College, writes Dr. Hay as follows:

"I drop a line to convey the official information that the faculty of Davidson College at the recent commencement, with the consent and approval of the board of trustees, conferred upon you the honorary degree of Doctor of Divinity.

"Please accept my sincere congratulations and assurance of my great pleasure in transmitting to you this information."

Dr. Hay's friends throughout the State will congratulate him upon his great honor, coming from one of the leading colleges of the South.

KIRBY SMITH CHAPTER.

Interesting Meeting of That Chapter, at Which Reports Are Submitted.

An interesting meeting of Kirby Smith Chapter, United Daughters of the Confederacy, was held at the home of Mrs. E. B. Flake, South University street, Thursday afternoon, being the regular monthly business meeting of the chapter.

At this meeting, which was largely attended, there was a great deal of business of importance transacted, among the most interesting of which was the reading of the report of the chapter to the State convention by the president, Mrs. J. M. Haile, and the report of the work of the convention, which was submitted by Mrs. H. H. McCreary, chairman of the delegation.

TO BATTLE CREEK.

Perry M. Colson Will Enter Sanitarium in Effort to Regain Health.

Mr. and Mrs. Perry M. Colson and Dr. and Mrs. J. F. McKinstry, Jr., expect to make their departure today for Battle Creek, Mich.

Mr. Colson has been in ill health for some time, and goes to Battle Creek Sanitarium with the hope that the change will prove beneficial to him, which is the sincere wish of his numerous friends throughout the State.

The party will be joined en route by C. W. Chase, who was compelled to leave a couple of days in advance in order to attend to some business matters.

K. OF P. ELECTION.

At the regular meeting of Mount Vernon Lodge No. 20, Knights of Pythias, Tuesday evening, the following officers were elected for the ensuing term:

J. A. Robertson, C. C.; T. B. Ellis, Jr., V. C.; W. D. Dickinson, P.; W. T. Pound, M. of W.; W. P. Coffey, M. at A.; J. H. Morton, I. G.; George Farman, O. G.

The lodge is now in a healthy condition, being one of the largest and best in point of membership in the State. The members are manifesting a great deal of interest in the work.

Death of Waldo Man.

Archer H. Priest, age fifty-five, and one of the most widely known residents of the East End, died at his home in Waldo Wednesday of Bright's disease.

Deceased was born and reared near Melrose, and has lived in the section in which he was born practically all of his life. He has been in Waldo for the past fifteen years or more.

Mr. Priest was a member of the Methodist church, and a prominent Mason. The funeral was held in Melrose Thursday, the services being conducted by the Masonic fraternity.

Deceased is survived by a devoted wife, to whom the sympathy of the community is extended.

Lacy Taylor left yesterday for Seattle, Wash., after several months spent in this city with his parents, Mr. and Mrs. A. W. Taylor. Mr. Taylor expects to make his future home in Seattle, where it is understood he has secured a good position.
